Exercises at Plumer College.
[Correspondence of the Richmond Dispatch.]
Wytheville, VA., May 31.—Last evening
"commencement exercises" were held in the
Plumer tollege Hall. Part first consisted of
several well-rendered musical selections, recal
and instrumental; part second of "Longfellow's
Masque of Pandora," a beautiful and artistic
dialogic interspersed with effective tableaux.
After this followed Dr. Fair's address before
the literary societies, His subject was "The
Battle of life and How to Win It." It was a
charming address, pointed, practical, poetical.

What is Scrofula

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or many other manifestations usually ascribed to "humors." It is a more formidable enemy than consumption or cancer alone, for serofula combines the worst possible features of both. Belegathe most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How can it be cured? By taking Hood's Sarsaparilla, which, by the cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. For all affections of the blood Hood's Sarsaparilla's unequalled, and some of the cures it has effected are really wonderful. If you suffer from scrotula in any of its various forms,

The property of the MIDNIGHT MINING COMPANY is situated in the Red Monnain Mining District, Oursy county, Col., and is in close proximity to some of the richest aliver mines in the United States, one of its immediate neighbors, the "Yankee Girl," having paid 170 per cent. in dividends since July, 1826, on its total capital stock while another, the "New Guston," has paid about 220 per cent. on its total capital stock since November, 1888. The Midnight Mine, having a true flasare vein, has been very favorably reported on by well-known mining engineers and experts.

The Midnight vein is believed to be the main vein or feeder, or which the Vankee Girl and New Guston are mere offshoots.

The Midnight is therefore, destined to be a great dividend-payer when sufficient depth has been reached.

Company is in the most flourishing condition positice.

Mr. Louis Borchers says he regrets that planters tobacco, which he prefers and is otherwise suitable for his Austrian Regie purchases, is often very badly assorted, graded, and prized. This throws him out of competition for fit, and leave this tobacco to the renandler and speculator. Planters should note what is wanted here to realize the fullest prices. If they willfully or otherwise neglest this, they must lose their profit. A clean, packed hogshead is always best for price, profit, and quick sales.

Farowell, dear son, take thy rest, God called you home, He thought it best; 'Tis hard, indeed, to part with thee. But Christ's strong arm supported thee. Farewell, farewell, our brother, dear, Our life is sad without thee here; Oh, may we meet in Heaven above. Where all is joy and peace and love. Where an is joy and peace and love Bring back to me my brother! Oh, would that this might be; But, beloved, we must wait awhile Before we meet with thee.

We loved you—yes, no tongue can tell flow much we loved you and how well; food loved you, too, and He thought best To take our Charles with Him to rest. The funeral will take place THIS (Thurs day) AFTERNOON at 4 o'clock from the Fitth-Street Methodist church, Manchester. Friends and acquaintances invited to attend.
